PRESIDENT TO BE ON JOB SOON

UNITED PRESS INVESTIGATION REPORTS BELIEF
THAT WILSON MAY RETURN TO DESK IN MONTHNO MATTER WHAT THE CAUSE OF ILLNESS
HE IS SLOWLY BUT STEADILY IMPROVING
SAY WHITE HOUSE VISITORS

EARLY RETURN TO WORK DOUBTED

WASHINGTON, Oct. 14—President Wilson's condition this morning was good, although he did not have a restful night, according to a statement issued by his physician at 12:15 p. m. The statement said "the President did not have a restful night last night. His restlessness was caused by a swelling of the prostate gland, a condition from which he has suffered in the past and has been intensified more or less by his lying in bed. His general condition, however, is good. His temperature, pulse, respiration, heart action and blood pressure are normal." The statement was signed by Drs. Grayson, Ruffin and Stitt. A specialist may be called in consultation regarding the swelling of the gland it was said.

By HUGH BAILEE

United Press Staff Correspondent

WASHINGTON, Oct. 14—Investigation by the United Press, in an effort to ascertain just how ill President Wilson is and whether the many rumors in regard to his condition have any foundation in fact, today showed the following results:

First—Officials in close touch with persons who frequently see the President declare they believe he may be back at his desk conducting executive business within a month or six weeks.

Second—No matter what may have caused his illness he is getting well now and has been showing steady improvement for the last week, according to best information at the White House.

Third—Senators who are in good standing at the White House and who are presumed to have access to information there say he is at the present time handling some executive matters.

Fourth—Reports that have been circulated that he will not completely recover and suggestions that he should step aside and let the Vice President take his place are in the opinion of administration leaders political torpedoes designed to have his supporters, lose faith in him and the League of Nations.

Fifth—Although there has been no official denial of the report that he is suffering from a lesion of the brain, a blood clot or apoplexy, the opinion given is that no matter what caused his illness he is now recovering.

Sixth—The belief that Wilson will be back at work within six weeks or a month is not generally shared. One Senator supposed to be in touch with the White House thinks he will be laid up three months.

Seventh—The official bulletins concerning the President's condition have been too brief. Some senators recommend that a full statement be issued to reassure the country.

The persons who have seen Wilson recently are: the four doctors, Mrs. Wilson, Margaret Wilson and the trained nurses. From this it may be seen that investigation from original sources is limited. These are the only ones who know at first hand what Wilson's condition is at present.

With regard to his mental state one who talked with him a few days ago said "his brain is as clear as yours."

Wilson, it was learned, is aware of suggestions that he step aside and let the Vice President take his place.

ALTOONA BOWLERS WIN

The Altoona Independent team defeated the Clearfield team at Altoona Saturday by 150 pins. Marting was the high man of the evening with 541 for a total and Abe Jones had the highest total for the visitors with 193 for high score and 523 for a total.

COL. HOUSE SLIGHTLY IMPROVED

NEW YORK, Oct. 14—The condition of Col. House, the President's confidential advisor, was slightly improved this morning, the physicians attending Col. House said. Col. House returned to New York Sunday from Europe in a generally run down condition.

STOCKS ARE LOWER

NEW YORK, Oct. 14—Prices were fractionally lower when the stock market opened today. United States Steel opened at 111 1/4 off 3/8, Bakers at 143 1/2 off 1/2. Standard Oil at 123 3/4 off 1/4. Crucible at 242 up 1/2.

UNION LEADERS ATTEMPT STRIKE SETTLEMENT

NEW YORK, Oct. 14—Failing in their efforts to settle the longshore men's strike at a mass meeting last night union leaders today carried their fight to the individual unions, where a separate vote on returning to work will be taken.

REWARD

A reward of \$5 will be given the party who can furnish information convicting the guilty party or parties for maliciously destroying a tombstone in the new cemetery belonging to J. D. and Ida Townsend. Address communications to 755 West Third street, Williamsport. O14-31c

AN OLD RESIDENT DIES

Mrs. Sarah Morrison Resides, widow of the late Reuben Resides, died at her home in Plymouthville, at 11:30 Saturday morning, October 11th, after an illness extending over a period of several years, aged 85. The deceased was born in Gosport township and lived there up until her marriage to Reuben Resides, of Centre county. Following her marriage she resided in Centre county for a period of eighteen years, after which she returned to this section, where she has since resided. Her husband died in 1905.

Mrs. Resides suffered a stroke some five years ago, and had since been an invalid. She leaves to mourn the loss of a loving mother, three sons, James, of Oregon; Joseph and Milt, of Clearfield, and one daughter, Miss Fred Hite, of Clearfield.

The funeral was held at her late home Monday, with interment in Gosport cemetery.

COURT NOTES

Monday was "sentence day" in the Clearfield county courts and as a result of this pleasing (?) function a majority of the malefactors convicted at the recent strenuous session of criminal court were haled before Judge Bell for sentence.

The first man to face the court was George Argles, of Woodland. Argles was convicted of playfully sending a shot or two through a neighbor's window out at Woodland in the general direction of the man of the house for whom Argles had a "mad on." After lecturing Argles on his marksmanship Judge Bell decreed that he shall pay a fine of \$1, the costs of prosecution and undergo imprisonment in the county jail for a period of ten months.

Charles Bart, the Altoona hobo painter and painter, who secured a package from the postoffice wrongly and has spent the past five months in jail, was given his liberty on condition that he make tracks with the heels pointing toward Clearfield.

William Dabner, the North Carolina cullud gemman, who displayed such bum skill with a "six gun" when he fired five or six shots at Lee Barton down on Daisy street, was given \$1 fine and costs, together with ten months in jail. A provision was added which allows Dabner's release from durance vile any time he will pay the costs of prosecution and leave Clearfield neyermore to return.

Edward Rowley, from Coalport, who entered a plea of guilty to assault and battery against John T. Gorman, was sentenced to pay a fine of \$25 and costs.

Monro Shaffer, who disgraced Salem, Ohio, by calling it his home and who had been convicted of assault and battery with intent to ravish a child near Wallaceport last summer was sentenced to pay \$1.00 fine and costs, with imprisonment in the penitentiary for five years. He was given a trade discount of six months for good behavior, but didn't look a bit pleased over it.

John L. Nolan, of Chester Hill, who entered a plea of guilty to the charge of harboring an incorrigible under parole from the court had sentence suspended upon payment of the costs in the case.

Lewis Wilson, Scott Hess and Clarence Wisor, Boggs township citizens, who were convicted of assault and battery upon John Haney, were handed surprise packages by the court. Clarence Wisor, who had not been in trouble before, was paroled for a period of two years. Lewis Wisor and Scott Hess were not unknown to the District Attorney's office, and the former was given \$1.00 fine and costs and six months in jail with the privilege of applying for a parole after serving two months. Hess was also assessed with \$1.00 fine and costs and four months in jail with privilege of parole at the end of one month's "doing time."

W. A. Butler, who plead nolo contendere to a charge of assault and battery, was paroled for two years upon payment of costs.

Elmer Young and Ralph Queen, the two Irwona boys who were convicted of assault and battery with intent to ravish, were called for sentence by their attorneys Smith & Smith made a strong plea for a new trial to their clients alleging that the defendants were the victims of circumstances which resulted in conviction at the trial, but that they believed another trial should be given them. Judge Bell remanded the boys and will take the matter under advisement.

Motions for new trials are pending in the cases of H. A. Varner and Walter Johnson and no sentences were imposed in these cases.

TONNER-GUERNSEY
WEDDING PLEASING
SOCIETY EVENT

A wedding of much interest was that of Miss Josephine Tonner, daughter of Mrs. Pascaline Smith Tonner, and Lucius Warren Guernsey, Jr., of Boundbrook, N. J., Saturday evening at 8 o'clock. The ceremony was performed in St. Andrews Episcopal church by the rector Rev. Richard D. Bahlwin in the presence of about two hundred invited guests. The bride, who was given in marriage by her uncle, Harry Freese of Canton, Ohio, wore a gown of white satin, with trimmings of pearls and orange blossoms, which also adorned the wedding gowns of her mother and grandmother.

She wore her mother's wedding veil, held in place by orange blossoms from France, the gift of her cousins, Mr. and Mrs. Allen Potter of New York, and carried a shower bouquet of bride's roses and valley lilies. The betrothal service took place at the church steps, the bridal party then proceeding to the altar rail, where the ceremony was performed.

The maid-of-honor, Miss Louise Guernsey was a frock of pale blue tulle over silver with a picture hat, and carried pink roses.

Katherine Freese, a small cousin of the bride, was flower girl. She wore a dainty lingerie frock with pink ribbons, and carried an old fashioned bouquet of pink and white flowers.

Mr. Guernsey was attended by Chester Lydecker of Boundbrook, a best man. Roy Guernsey a brother of the groom and Hursthal Freese a cousin of the bride acted as ushers.

The bride's mother was gowned in black satin and tulle with jet trimmings. She wore a black velvet hat and carried lavender orchids.

A wedding supper and reception followed the ceremony at the home of the bride on Locust street.

The house was beautifully decorated with pink and white roses, carnations, trailing vines and ferns.

A large wedding cake occupied the centre of the dining table, surrounded by pink candles, pink and white roses and smilax.

The happy couple left in an automobile for Tyrone where they took an eastern bound train for a honeymoon trip.

They will make their future home in Washington, D. C., where Mr. Guernsey holds a government position.

A guest of honor at the wedding was Mrs. Lila Karthaus Sars, of Massillon, Ohio, godmother of the bride.

Among those who attended the wedding from out of town were: Lucius W. Guernsey, father of the groom, Miss Louise Guernsey and Roy Guernsey, sister and brother of the groom, and Chester Lydecker, all of Boundbrook, N. J.; Mrs. D. D. Bealich, of Mt. Carmel; Mrs. Edwara Spangler, Ephrata, Pa.; Mr. and Mrs. Boyd McCullough, Tyrone; and Misses Mary Swoone and Mary Wolf, of Curwensville; Miss Florence Werry, Johnstown, Pa.; Mr. and Mrs. Florence Rochester, N. Y.; Mr. and Mrs. J. Tonner, Harry Freese and son Joseph Cleveland, Ohio and Mrs. Lila Sars, of Massillon, Ohio.

COURT NOTES

Miller and Hartwick began no action Monday morning to recover the sum of \$229.49, from Mrs. Wania Mazeski, administration of Martin Mazeski, deceased. Suit is brought on behalf of G. W. Hifer Sons, on a note given by Mazeski previous to his death on October 29th, 1898.

Walter Welch, Esq. filed the following divorce applications in the Probate court's office yesterday:

Clair Smith vs. Hattie L. Smith. The Smiths seek a legal separation after a married life extending from September 12th, 1898, to June 26th, 1916. Desertion is alleged.

Delna Bradford vs. Edward Bradford. The Brs' for vs. were married February 26th, 1915, and after alleged cruel and barbarous treatment extending until October 21st, 1917, the husband also deserted.

Mrs. Frank Hutton, of DuBois spent the week end with her daughter, Mrs. Hobart White, on Cherry street.

PRESIDENT'S AID TO BE
ASKED TO AVERT STRIKE

SENATE INTER-STATE COMMERCE COMMITTEE TO ASK WILSON TO OUTLINE GOVERNMENTAL STRIKE POLICY

MINERS TOLD CONTRACT BINDING

WASHINGTON, Oct. 14—Steps to avert the threatened bituminous coal men's strike set for November 1, were taken here today. Several suggested courses were before the Senate Interstate Commerce committee for consideration.

Despite President Wilson's illness it was believed at the Capital that he would be asked to outline a government policy to be adhered to with regard to the threatened strike.

President Lewis of the miners, it was forecasted, will be summoned to Washington within a few days.

MINERS' CONTRACT WITH GOVERNMENT BINDING

WASHINGTON, Oct. 14—Coal miners who are threatening to strike were warned today their contract with the government is binding, in a statement by Senator Frelinghuysen, of New Jersey, chairman of the Senate committee investigating the coal situation. No action will be taken by the Senate unless Secretary of Labor Wilson fails in his efforts to prevent the threatened strike set for November 1, it was stated.

CLEARFIELD PEOPLE QUICK TO RESPOND
TO "BREAD BASKET CLUB" APPEAL

Clearfield people are making their usual generous response to the last hour appeal of the Jewish War Relief Fund committee and are hurrying to enroll in the "Bread Basket Club."

The organization of this club was decided upon Monday when it was found that additional effort was absolutely essential in order that our district might be able to end war work activities with a clean slate.

That the movement will go far toward putting the district on the right side of the ledger when the final totals are reached on the evening of October 15th, is shown by the large number of members enrolled this morning or since the appeal for members for the "Bread Basket Club" was made in The Progress last evening.

Up to noon today some eighty members had been enrolled and the committee had really just begun to work. The list of these members will be found elsewhere in this issue.

Hon. F. G. Harris called The Progress office this morning to enroll in this rapidly-growing army of philanthropic Clearfield people and in his conversation said he was actuated in this matter by his personal experience as he had visited part of the ravaged countries where abject distress is to be relieved by this fund and can readily believe the stories of unspeakable horrors emanating therefrom. His visit followed one of the many Balkan wars and the distress visible on every hand at that time greatly moved the hearts of all beholders.

Clearfield people have made good on every position put before them since the World War started. They cannot afford to fall down on this crying need. Lend your aid by adding a membership in the "Bread Basket Club" to your previous contribution.

DO YOU WANT TO JOIN THE ARMY?

Sergeant A. Betz, and Private Mayles of the DuBois U. S. army recruiting station, made a run over to Clearfield today in an army truck on a flying trip for the purpose of securing recruits for Uncle Sam's army here. These gentlemen will remain here tomorrow and prospective recruits may find them at Jordan's hotel or the postoffice.

ENTERTAINED CLUB

Mrs. Morris Wrigley entertained at the Phi-Nu Club at her home on Locust avenue, last Friday evening.

A most delightful evening was spent. Miss Margaret Shreeve has returned to her home in Graceland after spending the week end with Miss Gertrude Klenbauer on West Market street.

Miss Myrtle Lryan has returned from spending the week end with friends in Philadelphia.

Mrs. Harvey Witherite and daughter, of Pittsburgh, is visiting at the home of O. L. Shaugraw on Dorsey street.

Frank S. Gilliland is in attendance at the 26th annual reunion of the department council, Patriarchs Militant.

Miss Kathryn Wilkinson spent Sunday with her parents in Morrisdale.

THE PUBLIC AND THE COAL BUSINESS

Less than three weeks from today the nation is threatened with a strike of over a half a million coal mine workers. This together with the steel strike and the patched up peace between the railroad administration and the railroaders puts the country in a more precarious situation than ever and altogether the matter merits the consideration of the general public which after all is the body which will most feel the effects of this everlasting wage warfare.

Mine workers demands, or rather those demands recommended by their president and obeyed by their delegates include a sixty per cent. increase in wages, time and half time for overtime, double time for Sundays and holidays, a five day week and a six hour workday.

Replying to those demands the operators have said that the demands are extravagantly excessive and impossible of acceptance; that the present scale does not terminate until April 1st 1920 and that the people of the United States by virtue of government regulation were a party to the existing contract and that the operators cannot therefore see their way clear to permit an abrogation of the existing contract without consent from the third party to it. The United States Fuel Administration representing the government and the people of the government has not given its consent to the breaking of the existing contract and in this manner the people are drawn into this wage controversy.

It was John Mitchell who said that a strike that did not have the approval of the people could not win and miners of this country will do well at this time to ponder well over the remark of so wise a leader as he was.

Mr. Lewis the president of the mine workers declares that the mine workers today are not making a living wage. This statement invites controversy in itself and inasmuch as a living wage depends on our manner of living it is hard to say what is a living wage for the average man. The public, however, in this controversy will not be unmindful of the fact that every little mining town now has its garage or many of them and that the lots are dotted with private garages, each with its "diver" to match. It is conceded that not every miner has a car and it is sure that many own them who cannot afford them yet this is one of the outward signs by which the critical public will judge the demands of the miners.

The great army of coal consumers, both business and domestic, will look aghast at the probability of having to pay twice for his coal what he has been paying and that will most surely be the result of granting the demands of the miners. So much for the increase in wages.

The six hour work day and the five day week will come in for another line of objection. The peak of efficiency has been reached in the eight hour work day theory. The only argument advanced by Mr. Lewis on behalf of the six hour day is that it will reduce the output of coal and force the mines to work every workday in the year, thus stabilizing the earnings of the miner and spreading it out over the whole year. Just how this coal produced during the summer is to be stored Mr. Lewis does not say. Neither does his line of reasoning provide for an extra production during the cold winter months when coal is most needed. The six hour day is directly opposed to the overwhelming opinion that greater production in all times will be the solution of high prices. But in this Mr. Lewis is not satisfied. He fathers the demand that the mines operate only five days a week instead of six. The extra day off would mean greatly increased operating expenses all around the plants. The water will continue to run and the pumps must be kept going. Machinery will disintegrate during the idle days. Again it will decrease production.

In this matter we seem to have another case of over zealous labor leadership. These demands were not formulated by the miners themselves but are the theoretical dream of one who would turn our country upside down to get personal glory. Miners generally may support the demands because miners are loyal to

their organization to a degree which commands respect from everybody. On the other hand the individual mine worker realizes the futility of the claims of Mr. Lewis and the injustice of the demands made.

It's Time To Take CELERY KING

Many doctors say influenza may be with us before springtime. Get your blood in good condition—that helps.

Take Celery King three times a week for three weeks—that helps.

Give it to the children also, for it's a good, old-fashioned vegetable tea that costs almost nothing, but gently yet surely, regulates the bowels and puts the entire system in fine condition.

Say: "I want Celery King." Your druggist will know he is handing you the king of tonic laxative.

Good Health to You Dr. Carter's K. & B. Tea

Costs but Little and You Can Make a Whole Lot from One Package.

More people are drinking Dr. Carter's K. & B. Tea than ever before, because they have found that in these days of high prices some of the simplest remedies are best.

Get a package of this purely vegetable tea. Everyone in the family will like it, because it only takes a few days for them to find out that for liver, stomach and bowels and to purify the blood there is nothing safer, safer or better.

Pimples, skin and sallow complexion vanish after a few cups, and the little tots just love it, and should always have it, especially when out of sorts and feverish.

Your Eyes As An Asset

What are they worth to you? Would you part with them willingly and if you did what would you value them at?

Yet, you'll go on day after day, gradually destroying your vision and reaping a harvest of a readingless autumn of life.

The Essex Is With Us

We Will Sell This New Light Weight
Quality Car. Our Full Endorsement is
Added to All That Everyone Says for it

Come and Ride In It

When the Essex made its first appearance we in common with other dealers were a bit skeptical.

Curiosity led us to take a ride in the Essex. That was enough. The way the Essex rode over rough roads and pavements was amazing to us with our accustomed idea of light car riding qualities.

But when the Essex started to climb hills our admiration was finally and completely won. It was not necessary to show us how quickly the Essex accelerated or how easily it answered every touch of the wheel. It was not necessary for the demonstrator to say a word. The Essex had us at its feet.

The beauty of the Essex design and the trimness of its lines only added to our enthusiasm. In

every respect the Essex was the equal of cars many times its cost.

So we decided to get the Essex representation if it were possible. It was not an easy task. The quick popularity of the Essex led other dealers to also want to sell the Essex. The Essex people chose only those dealers who meet the highest standards. We had to show our qualifications. At last we received word that we were to have the Essex for this territory.

An Essex is now at our store. We have a demonstrating car. Come, see, and ride in it. You will be just as enthusiastic about this new type fine car as we were. It combines every advantage of light car economy and flexibility with large car comfort and endurance. Be sure and ride in it.

**"Gets-It" Peels Your
Corn Right Off**

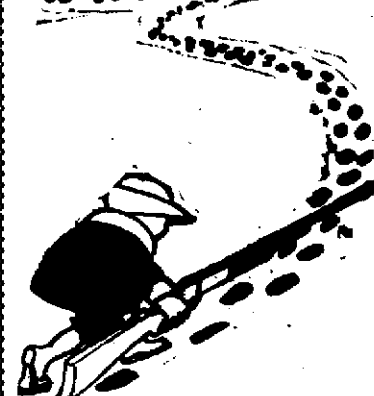

Two Drops Will Do It Without Fuss or Trouble. Never Fails

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the

There's No Corn "Gets-It" Will Not "Get."

world that does it that way, and that is "Gets-It". It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling". For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It", the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago, Ill. Sold in Clearfield, and recommended as the world's best corn remedy by Stewart's Drug Co.

The current consumed by this effective Portable Radiator is no more than that required by the ordinary toaster or electric iron. It may be connected to the lamp socket or any other attachment plug that may be handy. It weighs only 6 pound, the same as the electric iron, and may be carried easily to any location desired. For the bath room, the sickroom, the children's room, the breakfast room the cheerful heat provided makes the Portable Radiator ideal. It radiates clean heat, like the morning sun, and does not form soot or dust. Price complete \$12.00

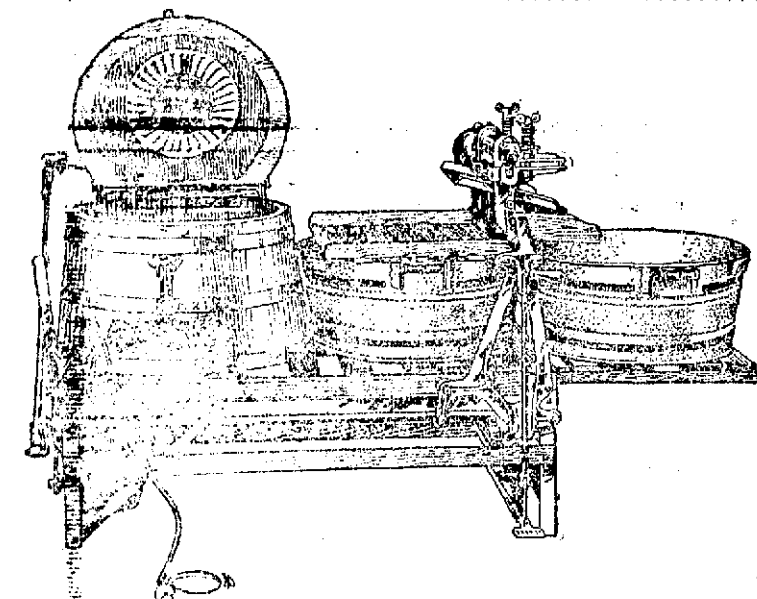

**Voss Electric Washers—Add to Home Comforts, Shortens the Working Hours.**

A popular model. This short bench platform machine is one of the most popular models that we handle. The platform is made large enough for an extra tub and the extension tray, which slides under the bench when not in use, provides still another. The machine is equipped with an extra clothes tray, castors of double roller type, a motor of ample capacity, together with the famous double controlled Voss wringer mechanism. Metal tubs on his machine are extra. \$100.00 Cash, \$110.00 Payments

Remember there is an electric washer designed to take advantage of the conditions peculiar to your home. It was generally conceded that one type was as suitable as another, but this is far from true. To get the utmost in an efficient, economical Electric Washer there are many things you should know before buying. First of all figure out where you will use the machine, and how much space you have. Have you hot and cold water facilities, and are they conveniently located? Have you stationary tubs? Is there a floor drain? All these questions and many others are answered in our new book "Practical Information for the Washing Machine Buyer." Ask us to send you a copy. It is free.

"At Last I've Got a
Servant I Can Keep"

**A Napanee Dutch Litcheriet Is A Servant in The
Kitchen That You Can Always Keep**

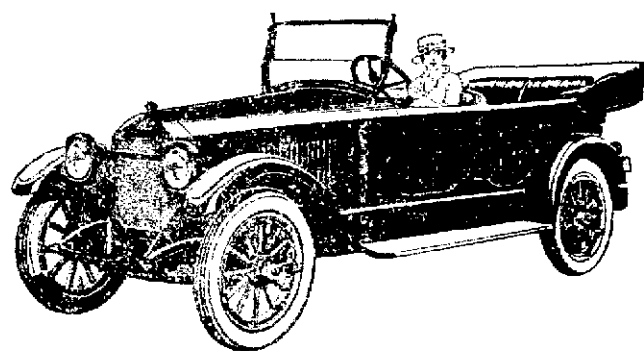

This means something in these days when so many women are doing their own work. Help at one time so easy to get, is now hard to obtain. Thousands of women have been so bothered with the eternal "servant problem" that they welcome the relief afforded by the Napanee Dutch Litcheriet. This triumph of ingenuity has so systematized women's work that it has eliminated the drudgery as to make them independent of maids and cooks. Many women declare that they are enjoying doing their kitchen work now that it is simplified and made so much easier, by the Napanee Dutch Litcheriet. Do not for the sake of a few dollars deny yourself the benefits to be derived from having a Dutch Litcheriet in your home. It is really a beautiful piece of furniture, and is more useful and convenient than it is attractive. You need not wear yourself out drudging in a poorly equipped kitchen any longer. Come in and let us show you this wonderful time and labor saver.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Chief of Police Clark has just completed taking the borough census of school children and finds the number in the borough to be approximately six hundred and fifty. Out of this there are at least one hundred and thirty students from the township attending the public schools. The chief has been appointed trustee of the school for the year and is determined to better the condition of the school.

Miss Mary Wolf who has been one of the efficient forces at the Dalton store for the past three or four years, has resigned her position to take effect on November 1st. Miss Wolf contemplates going to Philadelphia etc. her work is finished here where she has been offered a lucrative position.

The Poland mine located on the other side of the river, and just above the New Weir, is now a hundred mines in order to work the mine. The other mines in that vicinity are also short of men. The writer was informed last evening that three hundred mines could be used and obtain work in the mine. Along the river, this side of the Bloom bridge.

Walter Norris, one of the push-over farmers of Pike township, has much seed and up to date hay bales and is now prepared to do work for all who are in need of his services.

William Wolf who holds an important position in Baltimore is home for a short stay with his parents, Mr. and Mrs. A. Z. Wolf.

Last Sunday the pupils in the J. J. NOLL, Secretary O. I. C. 211-212, youngest departments of the M. E. Sunday school contributed a glass of jelly, each to be forwarded to the children's home at Clearfield.

William Irvine, one of the most prominent men on the I. & C. branch and who has been a conductor on

the "pusher" for several years, has been transferred to what is known as the Bellefonte run, and made a full fledged conductor. He will not remove his family from this place this winter at least.

The time for the raising money for the Jewish relief fund expired yesterday but Chahman Witzel, informed the writer last evening that the time had been extended two more days at least and probably more. The money would be taken until the end of the week.

The Royal Welsh Concert company will appear in the Methodist church on Wednesday, October 29th for the benefit of the Ladies Aid Society of that church.

Share. Don't dodge your responsibility. Read the facts. With 200 you can save one child's life in Europe for a whole year. For \$20 you can feed one little girl for a month even in Poland where food costs twice as much as it does here. For 25 cents you can buy a ten-year old boy more food than he has had to eat at one time for the past five years. There are 6,000,000 Jews in eastern Europe whom the war has left dependent upon America to aid. About 300,000 of them are children. One change of clothes may save a boy or girl from the terrible typhus epidemic which is raging now in eastern Europe. Poland is full of children of eight or ten years old no larger than infants of a few months who cannot walk, because of lack of food. Think of it.

Tonight the pupils of Mrs. W. L. Dale Sunday school class will hold a 10 cent social in the basement of the church.

A social dance will be held in the hall on Thursday evening. There will be good music and an enjoyable time for all.

ATTENTION O. E. MEMBERS

Important business that will be of interest to the members will be transacted at the next regular session of the Order, Wednesday evening, October 15th, 1919. There will also be an election of a trustee to fill an unexpired term.

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; anyone can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

PRESIDENT TO BE ON JOB SOON

UNITED PRESS INVESTIGATION REPORTS BELIEF
THAT WILSON MAY RETURN TO DESK IN MONTHNO MATTER WHAT THE CAUSE OF ILLNESS
HE IS SLOWLY BUT STEADILY IMPROVING
SAY WHITE HOUSE VISITORS

EARLY RETURN TO WORK DOUBTED

WASHINGTON, Oct. 14—President Wilson's condition this morning was good, although he did not have a restful night, according to a statement issued by his physician at 12:15 p. m. The statement said "the President did not have a restful night last night. His restlessness was caused by a swelling of the prostate gland, a condition from which he has suffered in the past and has been intensified more or less by his lying in bed. His general condition, however, is good. His temperature, pulse, respiration, heart action and blood pressure are normal." The statement was signed by Drs. Grayson, Ruffin and Stitt. A specialist may be called in consultation regarding the swelling of the gland it was said.

By HUGH BAILEE

United Press Staff Correspondent

WASHINGTON, Oct. 14—Investigation by the United Press, in an effort to ascertain just how ill President Wilson is and whether the many rumors in regard to his condition have any foundation in fact, today showed the following results:

First—Officials in close touch with persons who frequently see the President declare they believe he may be back at his desk conducting executive business within a month or six weeks.

Second—No matter what may have caused his illness he is getting well now and has been showing steady improvement for the last week, according to best information at the White House.

Third—Senators who are in good standing at the White House and who are presumed to have access to information there say he is at the present time handling some executive matters.

Fourth—Reports that have been circulated that he will not completely recover and suggestions that he should step aside and let the Vice President take his place are in the opinion of administration leaders political torpedoes designed to have his supporters, lose faith in him and the League of Nations.

Fifth—Although there has been no official denial of the report that he is suffering from a lesion of the brain, a blood clot or apoplexy, the opinion given is that no matter what caused his illness he is now recovering.

Sixth—The belief that Wilson will be back at work within six weeks or a month is not generally shared. One Senator supposed to be in touch with the White House thinks he will be laid up three months.

Seventh—The official bulletins concerning the President's condition have been too brief. Some senators recommend that a full statement be issued to reassure the country.

The persons who have seen Wilson recently are: the four doctors, Mrs. Wilson, Margaret Wilson and the trained nurses. From this it may be seen that investigation from original sources is limited. These are the only ones who know at first hand what Wilson's condition is at present.

With regard to his mental state one who talked with him a few days ago said "his brain is as clear as yours."

Wilson, it was learned, is aware of suggestions that he step aside and let the Vice President take his place.

ALTOONA BOWLERS WIN

The Altoona Independent team defeated the Clearfield team at Altoona Saturday by 150 pins. Marting was the high man of the evening with 541 for a total and Abe Jones had the highest total for the visitors with 193 for high score and 523 for a total.

COL. HOUSE SLIGHTLY IMPROVED

NEW YORK, Oct. 14—The condition of Col. House, the President's confidential adviser, was slightly improved this morning, the physicians attending Col. House said. Col. House returned to New York Sunday from Europe in a generally run down condition.

AN OLD RESIDENT DIES

Mrs. Sarah Morrison Resides, widow of the late Reuben Resides, died at her home in Plymouthville, at 11:30 Saturday morning, October 11th, after an illness extending over a period of several years, aged 85. The deceased was born in Gosport township and lived there up until her marriage to Reuben Resides, of Centre county. Following her marriage she resided in Centre county for a period of eighteen years, after which she returned to this section, where she has since resided. Her husband died in 1905.

Mrs. Resides suffered a stroke some five years ago, and had since been an invalid. She leaves to mourn the loss of a loving mother, three sons, James, of Oregon; Joseph and Milt, of Clearfield, and one daughter, Miss Fred Hite, of Clearfield.

The funeral was held at her late home Monday, with interment in Gosport cemetery.

COURT NOTES

Monday was "sentence day" in the Clearfield county courts and as a result of this pleasing (?) function a majority of the malefactors convicted at the recent strenuous session of criminal court were baled before Judge Bell for sentence.

The first man to face the court was George Argles, of Woodland. Argles was convicted of playfully sending a shot or two through a neighbor's window out at Woodland in the general direction of the man of the house for whom Argles had a "mad on." After lecturing Argles on his marksmanship Judge Bell decreed that he shall pay a fine of \$1, the costs of prosecution and undergo imprisonment in the county jail for a period of ten months.

Charles Bart the Altoona hobo painter and painter, who secured a package from the postoffice wrongly and has spent the past five months in jail, was given his liberty on condition that he make tracks with the heels pointing toward Clearfield.

William Dabner, the North Carolina cullud gemman, who displayed such bum skill with a "six gun" when he fired five or six shots at Lee Barton down on Daisy street, was given \$1 fine and costs, together with ten months in jail. A provision was added which allows Dabner's release from durance vile any time he will pay the costs of prosecution and leave Clearfield neyermore to return.

Edward Rowley, from Coalport, who entered a plea of guilty to assault and battery against John T. Gorman, was sentenced to pay a fine of \$25 and costs.

Monro Shaffer, who disgraced Salem, Ohio, by calling it his home and who had been convicted of assault and battery with intent to ravish a child near Wallaceston last summer was sentenced to pay \$1.00 fine and costs, with imprisonment in the penitentiary for five years. He was given a trade discount of six months for good behavior, but didn't look a bit pleased over it.

John L. Nolan, of Chester Hill, who entered a plea of guilty to the charge of harboring an incorrigible under parole from the court had sentence suspended upon payment of the costs in the case.

Lewis Wilson, Scott Hess and Clarence Wisor, Boggs township citizens, who were convicted of assault and battery upon John Haney, were handed surprise packages by the court. Clarence Wisor, who had not been in trouble before, was paroled for a period of two years. Lewis Wisor and Scott Hess were not unknown to the District Attorney's office, and the former was given \$1.00 fine and costs and six months in jail with the privilege of applying for a parole after serving two months. Hess was also assessed with \$1.00 fine and costs and four months in jail with privilege of parole at the end of one month's "doing time."

W. A. Butler, who plead nolo contendere to a charge of assault and battery, was paroled for two years upon payment of costs.

Elmer Young and Ralph Queen, the two Irwona boys who were convicted of assault and battery with intent to ravish, were called for sentence by their attorneys Smith & Smith made a strong plea for a new trial to their clients alleging that the defendants were the victims of circumstances which resulted in conviction at the trial, but that they believed another trial should be given them. Judge Bell remanded the boys and will take the matter under advisement.

Motions for new trials are pending in the cases of H. A. Varner and Walter Johnson and no sentences were imposed in these cases.

TONNER-GUERNSEY
WEDDING PLEASING
SOCIETY EVENT

A wedding of much interest was that of Miss Josephine Tonner, daughter of Mrs. Pascaline Smith Tonner, and Lucius Warren Guernsey, Jr., of Boundbrook, N. J., Saturday evening at 8 o'clock. The ceremony was performed in St. Andrews Episcopal church by the rector Rev. Richard D. Bahlwin in the presence of about two hundred invited guests. The bride, who was given in marriage by her uncle, Harry Freese of Canton, Ohio, wore a gown of white satin, with trimmings of pearls and orange blossoms, which also adorned the wedding gowns of her mother and grandmother.

She wore her mother's wedding veil, held in place by orange blossoms from France, the gift of her cousins, Mr. and Mrs. Allen Potter of New York, and carried a shower bouquet of bride's roses and valley lilies. The betrothal service took place at the church steps, the bridal party then proceeding to the altar rail, where the ceremony was performed.

The maid-of-honor, Miss Louise Guernsey was a frock of pale blue tulle over silver with a picture hat, and carried pink roses.

Katherine Freese, a small cousin of the bride, was flower girl. She wore a dainty lingerie frock with pink ribbons, and carried an old fashioned bouquet of pink and white flowers.

Mr. Guernsey was attended by Chester Lydecker of Boundbrook, a best man. Roy Guernsey a brother of the groom and Hursthal Freese a cousin of the bride acted as ushers.

The bride's mother was gowned in black satin and tulle with jet trimmings. She wore a black velvet hat and carried lavender orchids.

A wedding supper and reception followed the ceremony at the home of the bride on Locust street.

The house was beautifully decorated with pink and white roses, carnations, trailing vines and ferns.

A large wedding cake occupied the centre of the dining table, surrounded by pink candles, pink and white roses and smilax.

The happy couple left in an automobile for Tyrone where they took an eastern bound train for a honeymoon trip.

They will make their future home in Washington, D. C., where Mr. Guernsey holds a government position.

A guest of honor at the wedding was Mrs. Lila Karthaus Sars, of Massillon, Ohio, godmother of the bride.

Among those who attended the wedding from out of town were: Lucius W. Guernsey, father of the groom, Miss Louise Guernsey and Roy Guernsey, sister and brother of the groom, and Chester Lydecker, all of Boundbrook, N. J.; Mrs. D. D. Bealich, of Mt. Carmel; Mrs. Edwara Spangler, Ephrata, Pa.; Mr. and Mrs. Boyd McCullough, Tyrone; and Misses Mary Swoone and Mary Wolf, of Curwensville; Miss Florence Werry, Johnstown, Pa.; Mr. and Mrs. Florence Rochester, N. Y.; Mr. and Mrs. J. Tonner, Harry Freese and son Joseph Cleveland, Ohio and Mrs. Lila Sars, of Massillon, Ohio.

COURT NOTES

Miller and Hartwick began no action Monday morning to recover the sum of \$229.49, from Mrs. Wania Mazeski, administration of Martin Mazeski, deceased. Suit is brought on behalf of G. W. Hifer Sons, on a note given by Mazeski previous to his death on October 29th, 1898.

Walter Welch, Esq. filed the following divorce applications in the Probate court's office yesterday:

Clair Smith vs. Hattie L. Smith. The Smiths seek a legal separation after a married life extending from September 12th, 1898, to June 26th, 1916. Desertion is alleged.

Delna Bradford vs. Edward Bradford. The Brs' for vs. were married February 26th, 1915, and after alleged cruel and barbarous treatment extending until October 31st, 1917, the husband also deserted.

Mrs. Frank Hutton, of DuBois spent the week end with her daughter, Mrs. Hobart White, on Cherry street.

PRESIDENT'S AID TO BE
ASKED TO AVERT STRIKESENATE INTER-STATE COMMERCE COMMITTEE TO ASK WILSON TO OUTLINE
GOVERNMENTAL STRIKE POLICY

MINERS TOLD CONTRACT BINDING

WASHINGTON, Oct. 14—Steps to avert the threatened bituminous coal men's strike set for November 1, were taken here today. Several suggested courses were before the Senate Interstate Commerce committee for consideration.

Despite President Wilson's illness it was believed at the Capital that he would be asked to outline a government policy to be adhered to with regard to the threatened strike.

President Lewis of the miners, it was forecasted, will be summoned to Washington within a few days.

MINERS' CONTRACT WITH GOVERNMENT BINDING

WASHINGTON, Oct. 14—Coal miners who are threatening to strike were warned today their contract with the government is binding, in a statement by Senator Frelinghuysen, of New Jersey, chairman of the Senate committee investigating the coal situation. No action will be taken by the Senate unless Secretary of Labor Wilson fails in his efforts to prevent the threatened strike set for November 1, it was stated.

CLEARFIELD PEOPLE QUICK TO RESPOND
TO "BREAD BASKET CLUB" APPEAL

Clearfield people are making their usual generous response to the last hour appeal of the Jewish War Relief Fund committee and are hurrying to enroll in the "Bread Basket Club."

The organization of this club was decided upon Monday when it was found that additional effort was absolutely essential in order that our district might be able to end war work activities with a clean slate.

That the movement will go far toward putting the district on the right side of the ledger when the final totals are reached on the evening of October 15th, is shown by the large number of members enrolled this morning or since the appeal for members for the "Bread Basket Club" was made in The Progress last evening.

Up to noon today some eighty members had been enrolled and the committee had really just begun to work. The list of these members will be found elsewhere in this issue.

Hon. F. G. Harris called The Progress office this morning to enroll in this rapidly-growing army of philanthropic Clearfield people and in his conversation said he was actuated in this matter by his personal experience as he had visited part of the ravaged countries where abject distress is to be relieved by this fund and can readily believe the stories of unspeakable horrors emanating therefrom. His visit followed one of the many Balkan wars and the distress visible on every hand at that time greatly moved the hearts of all beholders.

Clearfield people have made good on every position put before them since the World War started. They cannot afford to fall down on this crying need. Lend your aid by adding a membership in the "Bread Basket Club" to your previous contribution.

DO YOU WANT TO JOIN THE ARMY?

Sergeant A. Betz, and Private Mayles of the DuBois U. S. army recruiting station, made a run over to Clearfield today in an army truck on a flying trip for the purpose of securing recruits for Uncle Sam's army here. These gentlemen will remain here tomorrow and prospective recruits may find them at Jordan's hotel or the postoffice.

ENTERTAINED CLUB

Mrs. Morris Wrigley entertained at the Phi-Nu Club at her home on Locust street, last Friday evening.

A most delightful evening was spent. Miss Margaret Shreve has returned to her home in Graceland after spending the week end with Miss Gertrude Klenbauer on West Market street.

Miss Myrtle Bryan has returned from spending the week end with friends in Philadelphia.

Mrs. Harvey Witherite and daughter, of Pittsburgh, is visiting at the home of O. L. Shaugraw on Dorsey street.

Miss Kathryn Wilkinson spent Sunday with her parents in Morrisdale.

THE PUBLIC AND THE COAL BUSINESS

Less than three weeks from today the nation is threatened with a strike of over a half a million coal mine workers. This together with the steel strike and the patched up peace between the railroad administration and the railroaders puts the country in a more precarious situation than ever and altogether the matter merits the consideration of the general public which after all is the body which will most feel the effects of this everlasting wage warfare.

Mine workers demands, or rather those demands recommended by their president and obeyed by their delegates include a sixty per cent. increase in wages, time and half time for overtime, double time for Sundays and holidays, a five day week and a six hour workday.

Replying to those demands the operators have said that the demands are extravagantly excessive and impossible of acceptance; that the present scale does not terminate until April 1st 1920 and that the people of the United States by virtue of government regulation were a party to the existing contract and that the operators cannot therefore see their way clear to permit an abrogation of the existing contract without consent from the third party to it. The United States Fuel Administration representing the government and the people of the government has not given its consent to the breaking of the existing contract and in this manner the people are drawn into this wage controversy.

It was John Mitchell who said that a strike that did not have the approval of the people could not win and miners of this country will do well at this time to ponder well over the remark of so wise a leader as he was.

Mr. Lewis the president of the mine workers declares that the mine workers today are not making a living wage. This statement invites controversy in itself and inasmuch as a living wage depends on our manner of living it is hard to say what is a living wage for the average man. The public, however, in this controversy will not be unmindful of the fact that every little mining town now has its garage or many of them and that the lots are dotted with private garages, each with its "diver" to match. It is conceded that not every miner has a car and it is sure that many own them who cannot afford them yet this is one of the outward signs by which the critical public will judge the demands of the miners.

The great army of coal consumers, both business and domestic, will look aghast at the probability of having to pay twice for his coal what he has been paying and that will most surely be the result of granting the demands of the miners. So much for the increase in wages.

The six hour work day and the five day week will come in for another line of objection. The peak of efficiency has been reached in the eight hour work day theory. The only argument advanced by Mr. Lewis on behalf of the six hour day is that it will reduce the output of coal and force the mines to work every workday in the year, thus stabilizing the earnings of the miner and spreading it out over the whole year. Just how this coal produced during the summer is to be stored Mr. Lewis does not say. Neither does his line of reasoning provide for an extra production during the cold winter months when coal is most needed. The six hour day is directly opposed to the overwhelming opinion that greater production in all times will be the solution of high prices. But in this Mr. Lewis is not satisfied. He fathers the demand that the mines operate only five days a week instead of six. The extra day off would mean greatly increased operating expenses all around the plants. The water will continue to run and the pumps must be kept going. Machinery will disintegrate during the idle days. Again it will decrease production.

In this matter we seem to have another case of over zealous labor leadership. These demands were not formulated by the miners themselves but are the theoretical dream of one who would turn our country upside down to get personal glory. Miners generally may support the demands because miners are loyal to

their organization to a degree which commands respect from everybody. On the other hand the individual mine worker realizes the futility of the claims of Mr. Lewis and the injustice of the demands made.

It's Time To Take CELERY KING

Many doctors say influenza may be with us before springtime. Get your blood in good condition—that helps.

Take Celery King three times a week for three weeks—that helps.

Give it to the children also, for it's a good, old-fashioned vegetable tea that costs almost nothing, but gently yet surely, regulates the bowels and puts the entire system in fine condition.

Say: "I want Celery King." Your druggist will know he is handing you the king of tonic laxative.

Good Health to You Dr. Carter's K. & B. Tea

Costs but Little and You Can Make a Whole Lot from One Package.

More people are drinking Dr. Carter's K. & B. Tea than ever before, because they have found that in these days of high prices some of the simplest remedies are best.

Get a package of this purely vegetable tea. Everyone in the family will like it, because it only takes a few days for them to find out that for liver, stomach and bowels and to purify the blood there is nothing safer, safer or better.

Pimples, skin and sallow complexion vanish after a few cups, and the little tots just love it, and should always have it, especially when out of sorts and feverish.

Your Eyes As An Asset

What are they worth to you? Would you part with them willingly and if you did what would you value them at?

Yet, you'll go on day after day, gradually destroying your vision and reaping a harvest of a readingless autumn of life.

The Essex Is With Us

We Will Sell This New Light Weight
Quality Car. Our Full Endorsement is
Added to All That Everyone Says for it

Come and Ride In It

When the Essex made its first appearance we in common with other dealers were a bit skeptical.

Curiosity led us to take a ride in the Essex. That was enough. The way the Essex rode over rough roads and pavements was amazing to us with our accustomed idea of light car riding qualities.

But when the Essex started to climb hills our admiration was finally and completely won. It was not necessary to show us how quickly the Essex accelerated or how easily it answered every touch of the wheel. It was not necessary for the demonstrator to say a word. The Essex had us at its feet.

The beauty of the Essex design and the trimness of its lines only added to our enthusiasm. In

every respect the Essex was the equal of cars many times its cost.

So we decided to get the Essex representation if it were possible. It was not an easy task. The quick popularity of the Essex led other dealers to also want to sell the Essex. The Essex people chose only those dealers who meet the highest standards. We had to show our qualifications. At last we received word that we were to have the Essex for this territory.

An Essex is now at our store. We have a demonstrating car. Come, see, and ride in it. You will be just as enthusiastic about this new type fine car as we were. It combines every advantage of light car economy and flexibility with large car comfort and endurance. Be sure and ride in it.

**"Gets-It" Peels Your
Corn Right Off**

Two Drops Will Do It Without Fuss or Trouble. Never Fails

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the

world that does it that way, and that is "Gets-It". It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling". For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It", the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago, Ill. Sold in Clearfield, and recommended as the world's best corn remedy by Stewart's Drug Co.

The current consumed by this effective Portable Radiator is no more than that required by the ordinary toaster or electric iron. It may be connected to the lamp socket or any other attachment plug that may be handy. It weighs only 6 pound, the same as the electric iron, and may be carried easily to any location desired. For the bath room, the sickroom, the children's room, the breakfast room the cheerful heat provided makes the Portable Radiator ideal. It radiates clean heat, like the morning sun, and does not form soot or dust. Price complete \$12.00

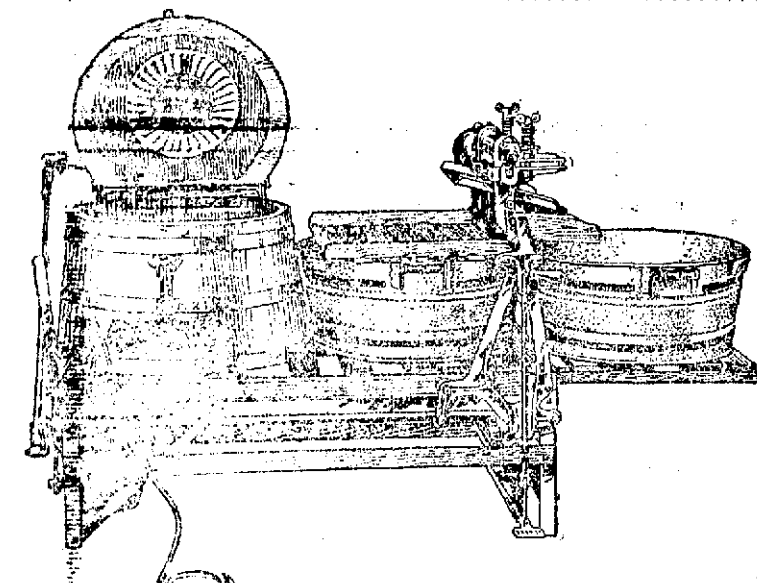

**Voss Electric Washers—Add to Home Comforts, Shortens the Working Hours.**

A popular model. This short bench platform machine is one of the most popular models that we handle. The platform is made large enough for an extra tub and the extension tray, which slides under the bench when not in use, provides still another. The machine is equipped with an extra clothes tray, castors of double roller type, a motor of ample capacity, together with the famous double controlled Voss wringer mechanism. Metal tubs on his machine are extra. \$100.00 Cash, \$110.00 Payments

Remember there is an electric washer designed to take advantage of the conditions peculiar to your home. It was generally conceded that one type was as suitable as another, but this is far from true. To get the utmost in an efficient, economical Electric Washer there are many things you should know before buying. First of all figure out where you will use the machine, and how much space you have. Have you hot and cold water facilities, and are they conveniently located? Have you stationary tubs? Is there a floor drain? All these questions and many others are answered in our new book "Practical Information for the Washing Machine Buyer." Ask us to send you a copy. It is free.

"At Last I've Got a
Servant I Can Keep"

**A Napanee Dutch Litcheriet Is A Servant in The
Kitchen That You Can Always Keep**

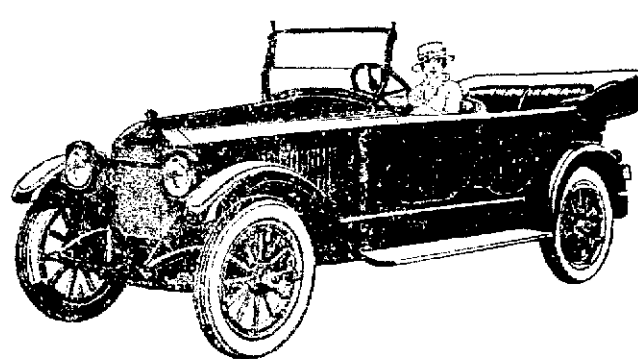

This means something in these days when so many women are doing their own work. Help at one time so easy to get, is now hard to obtain. Thousands of women have been so bothered with the eternal "servant problem" that they welcome the relief afforded by the Napanee Dutch Litcheriet. This triumph of ingenuity has so systematized women's work that it has eliminated the drudgery as to make them independent of maids and cooks. Many women declare that they are enjoying doing their kitchen work now that it is simplified and made so much easier, by the Napanee Dutch Litcheriet. Do not for the sake of a few dollars deny yourself the benefits to be derived from having a Dutch Litcheriet in your home. It is really a beautiful piece of furniture, and is more useful and convenient than it is attractive. You need not wear yourself out drudging in a poorly equipped kitchen any longer. Come in and let us show you this wonderful time and labor saver.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Chief of Police Clark has just completed taking the borough census of school children and finds the number in the borough to be approximately six hundred and fifty. Out of this there are at least one hundred and thirty students from the township attending the public schools. The chief has been appointed trustee of the school for the year and is determined to better the condition of the school.

Miss Mary Wolf who has been one of the efficient forces at the Dalton store for the past three or four years, has resigned her position to take effect on November 1st. Miss Wolf contemplates going to Philadelphia etc. her work is finished here where she has been offered a lucrative position.

The Poland mine located on the other side of the river, and just above the New Weir, is now a hundred mines in order to work the mine. The other mines in that vicinity are also short of men. The writer was informed last evening that three hundred mines could be used and obtain work in the mine. Along the river, this side of the Bloom bridge.

Walter Norris, one of the push-over farmers of Pike township, has much seed and up to date hay bales and is now prepared to do work for all who are in need of his services.

William Wolf who holds an important position in Baltimore is home for a short stay with his parents, Mr. and Mrs. A. Z. Wolf.

Last Sunday the pupils in the J. J. NOLL, Secretary O. I. C. 211-212, youngest departments of the M. E. Sunday school contributed a glass of jelly, each to be forwarded to the children's home at Clearfield.

William Irvine, one of the most prominent men on the I. & C. branch and who has been a conductor on

the "pusher" for several years, has been transferred to what is known as the Bellefonte run, and made a full fledged conductor. He will not remove his family from this place this winter at least.

The time for the raising money for the Jewish relief fund expired yesterday but Chahman Witzel, informed the writer last evening that the time had been extended two more days at least and probably more. The money would be taken until the end of the week.

The Royal Welsh Concert company will appear in the Methodist church on Wednesday, October 29th for the benefit of the Ladies Aid Society of that church.

Share. Don't dodge your responsibility. Read the facts. With 200 you can save one child's life in Europe for a whole year. For \$20 you can feed one little girl for a month even in Poland where food costs twice as much as it does here. For 25 cents you can buy a ten-year old boy more food than he has had to eat at one time for the past five years. There are 6,000,000 Jews in eastern Europe whom the war has left dependent upon America to aid. About 300,000 of them are children. One change of clothes may save a boy or girl from the terrible typhus epidemic which is raging now in eastern Europe. Poland is full of children of eight or ten years old no larger than infants of a few months who cannot walk, because of lack of food. Think of it.

Tonight the pupils of Mrs. W. L. Dale Sunday school class will hold a 10 cent social in the basement of the church.

A social dance will be held in the hall on Thursday evening. There will be good music and an enjoyable time for all.

ATTENTION O. E. MEMBERS

Important business that will be of interest to the members will be transacted at the next regular session of the Order, Wednesday evening, October 15th, 1919. There will also be an election of a trustee to fill an unexpired term.

E. J. SWALES, W. P. J. J. NOLL, Secretary O. I. C. 211-212. Remember your pastor. Learning that yesterday was Rev. Saatch's birthday, a few neighbors and friends slipped and gave the parsonage family a real surprise. Delicious refreshments helped and the evening a glorious occasion.

Tomorrow Night

George Wilton Ballard

Tomorrow night Clearfield is privileged to hear George Wilton Ballard.

The celebrated concert tenor will appear in person. His program consists of the "music that America loves."

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways *Camels* are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!

Camel CIGARETTES

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

How to Make a Boat Sail Itself

By GRANT M. HYDE

"Racing toy sailboats on the pond was all the rage when I was a boy," said Uncle Bob. "All they'd do, though, was sail before the wind, or, with the rudder tied over, make a big circle and drift back. Watching them gave me an idea and I figured out a rig that would sail itself gaining the wind, just like a real boat."

"How did you do it?"

"Well, I whittled the hull of a toy cat out of a flat pine board about one-half inch thick, 9 inches wide and 30 inches long (see drawing). To this I fastened a keel made of 1/2-inch board, 8 inches wide, and ballasted with some old lead pipe. (Drawing gives dimensions of mast, boom, gaff, and sail.) The rudder and rudder-post were whittled out of one piece, 1/2 inch thick, fastened to the keel with staples hooked together, and with the rudder-post sticking through a hole in the deck. The tiller, fastened on with some brads, pointed back parallel to the rudder.

"The secret of automatic tacking was a string running from the tiller to the boom. It was fixed so that the sail, swinging to one side, would pull the tiller and rudder over to the same side. Another string from the boom to a staple in the deck kept the sail from swinging too far out—just enough to clear the deck.

"The rig would tack only in a puff of wind. I'd start it out diagonally into the wind, and the wind would swing the sail out and carry the tiller and rudder over. It took some fiddling to make the string just the right length so that the rudder would just contract the pull of the sail and keep her in a straight course. She'd keep the tack until the puff of wind died out, and then the rudder would bring her around so that the next puff would send her on the opposite tack. To steady her I hitched a piece of string and on behind, towed by a cord. It took some experimenting to get everything right, but it worked."

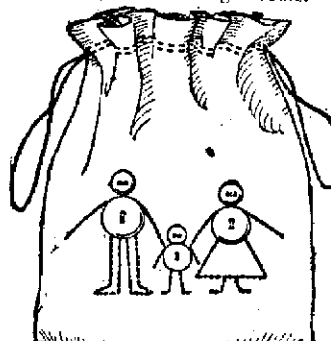

For Girls to Make

Family Button Bag

By MOLLIE PRICE COOK

To make a family button bag you will need: a strip of checked gingham (of any attractive color) 18" long and 8" wide; 1 pearl fish-eye button 3/4" in diameter; 1 pearl fish-eye button 1/2" in diameter; 2 ordinary bone buttons 1/4" in diameter; 1 small bone button 3/8" in diameter (choose buttons with two holes); some heavy mercerized black crocheted cotton; an embroidery or darning needle.

How to Proceed

1. Bring ends of cloth together. The crosswise fold thus made forms the bottom of bag. Crease the fold three inches above this fold and three inches from left edge, sew the largest fish-eye button. Use ordinary white thread. Sew firmly, making stitches vertical with length of bag. This forms the body of a figure. Just above this button, and in the center, sew one of the 1/2" bone buttons, making stitches horizontal. This makes the head.

2. Two inches to the right, and one square of the gingham down, sew the next largest fish-eye button. Above this, as previously, sew the other 1/2" bone button for a head. This makes a smaller body for another figure.

3. In the center between the four buttons already sewed and about five squares below the biggest button, sew the third fish-eye button. Above this sew the smallest bone button.

4. Now thread the large-eyed embroidery or darning needle with the black mercerized twine, and with an ordinary back stitch run the outline of arms, legs and feet, as shown in the illustration. This completes the "papa," "mama," and "kiddie" figures.

5. Re-crease the strip of gingham so the material will be wrong side out. Stitch each side firmly with half-inch seams.

6. Fold back top edge of bag one inch. Turn under a 1/4" hem and baste.

7. Beginning at the right side run gathering stitch around top hem. Cut thread, allowing two or three inches of thread. Run another gathering stitch beginning at the left side, just above the previous stitching. Cut thread as before.

8. This makes a gathering string at each side of the bag. Tie the loose ends of the strings in a firm knot, and the bag is finished. (It is best to use double thread for this, so the drawing-string will be strong.)
